

Your Time. Your Gift. Their Future.

Two powerful ways to support Pennsylvania's next generation.

The Foundation for Free Enterprise Education prepares young people for the workforce through immersive, real-world learning experiences. Whether you choose to volunteer your time or make a financial gift, you help students build confidence, skills and opportunities for a brighter future in Pennsylvania.

Give Time – Volunteer with PFEW

Each year, hundreds of professionals give tens of thousands of volunteer hours to support our programs. Volunteers shape student experiences, spark confidence and help guide the next generation of Pennsylvania's workforce.

Volunteer Opportunities

Company Advisor

Mentor a team of high school students as they run a simulated company during a week-long program. Guide decision-making, encourage teamwork and support leadership development. Lodging and meals provided. No teaching experience required.

Judge

Evaluate final business presentations during the Friday competitions. This one-day role helps determine award-winning companies. Breakfast and lunch provided.

Reality Fair Volunteer

Support students during a hands-on financial simulation in partnership with Service 1st FCU. One afternoon commitment. No experience needed.

SMG Volunteer Opportunities

Speak at awards ceremonies or present in classrooms through Invest It Forward, helping students explore investing, financial literacy and careers in finance.

Why Volunteer?

- Inspire future leaders and see the impact of your guidance firsthand.
- Help strengthen Pennsylvania's workforce by building students' financial and career skills.
- Share your experience in a way that brings real-world learning to life for students.
- Connect with professionals and community leaders who value giving back.
- Take part in an experience that is meaningful for students and personally rewarding for you.

Give a Gift – Support Our Students

PFEW, The Stock Market Game and the Speaker Series are entirely funded by generous supporters who believe in preparing young Pennsylvanians for success. Every gift directly impacts students through sponsorships, classroom enrichment and statewide career exploration resources.

Ways to Give

Every gift supports Pennsylvania students through PFEW and The Stock Market Game, including recognition in the FFEE Impact Report, and provides thank you letters from the students you help sponsor. All donors also help sustain the Speaker Series; a year-round career exploration resource offered at no additional cost as a value-added benefit of every PFEW sponsorship.

As giving increases, so do the opportunities for enhanced recognition and special perks, including plaques, featured listings, website visibility and exclusive experiences. Full details on our donor levels are available on our website at: www.pfew.org.

Your Time. Your Gift. Their Future.

"PFEW is one of the most life changing experiences I've ever had. I come out of it more confident, more informed, and more driven than ever before. Thank you, not just for helping financially, but for believing in me before I believed in myself."
