Pennsylvania Free Enterprise Week 2022 presented by the Foundation for Free Enterprise Education

Thank you for your interest in being a Company Advisor (CA) for the 2022 summer Pennsylvania Free Enterprise Week program. Since PFEW's birth in 1979, over **47,000** students have participated in this hands-on experience to learn about business, teamwork, leadership, and other career and life skills. In addition, over **3,000** dedicated business volunteers have helped to create the life-changing experience that is *PFEW*!

As a CA, you will mentor a team of high school students and enhance your own leadership skills while you share your personal expertise and experiences.

Each week-long session blends the experience of returning CA's with the fresh perspectives and ideas of new Advisors (typically 20% new Advisors each week). This commitment to be a mentor for a student team (15-18 students per team) brings a variety of opportunities to:

- o engage in intergenerational and **mentoring relationships** with future business leaders;
- o **network and share experiences** with other business professionals and establish life-long business connections;
- o enhance and practice your **leadership skills**, including those in communications, creative and critical thinking, team-building, and collaboration;
- o be a catalyst and contributor to life-changing experiences guaranteed to **impact students**;
- o allows an opportunity to **market individual jobs** and companies to the future workforce;
- o **and, by the way - have FUN!**

The CA role is **a professional development experience unlike any other**. You will gain invaluable business insights and learn new techniques while at the same time practice your professional skills and expand your career and community leadership capacity. For a sneak peek of what you will be treated to during your exciting *PFEW Journey*, visit our website (www.pfew.org/pfew-company-advisor) to see a video about the role of Company Advisor at PFEW.

**Join us in 2022 and help make Pennsylvania Free Enterprise Week a positive and life-changing experience for the next generation of future leaders.
See you next summer!**

"My advisor was very effective in teaching us what we had to do throughout our week here. He helped us when we needed it, but he gave us enough freedom to really learn for ourselves. He was a valuable teacher and he always made his time with us feel welcoming; he showed us that he valued his time with us and really wanted us to succeed." - Student Participant

Summer Volunteer Information

What is PFEW? Presented by the Foundation for Free Enterprise Education, PFEW is a unique and challenging program designed for incoming high school juniors and seniors. As a CA, you will spend a week on a college campus with other business volunteers from around the country as you help teens learn about business, teambuilding, leadership, and life skills. Over 47,000 students are now PFEW alumni and many testify to the change the week made in their lives thanks in part to their dedicated CA!

Company Advisor (CA) Role

As a CA you will mentor a team of 16 high school students. Teams work in a computer simulated environment to learn real life principles in finance, marketing, production, planning, project management and other aspects of modern business. Your role is to engage, educate and empower the students to be involved in the activities. The team will greatly benefit as you: share your experiences and expertise, ask engaging questions, and provide feedback on the team's involvement and interactions.

CA Preparation

A full day CA Introduction session will be held in early June for new CAs where a complete handbook will be distributed. On the **Saturday before each session**, all CAs for that week **must** attend the on-campus orientation to review program curriculum and corresponding CA responsibilities. Curriculum and the week's schedule are discussed, along with the business simulation. PFEW staff and returning Company Advisors are available to share their past experience and answer questions.

CA Lodging

Lodging at a hotel near campus is at the individual or their sponsoring company's expense. Discounted PFEW room blocks are available.
