

great

~~Good~~ things come
to those who wait,
and we can't wait
any longer . . .

Our website, new technology, and program upgrades would not have been possible without the support of our founding sponsor, **Pennsylvania Manufacturers' Association**, our loyal donors, and the wonderful partners listed here who provided gifts and grants in support of these vital projects.

New Year. New Look.

Introducing the new
Foundation for Free Enterprise Education Website!

WWW.PFEW.ORG

- Featuring all three of our outstanding programs
- All the latest Foundation news and happenings
- New easy to use features and resources
- New donor, student, educator, volunteer, and alumni portals

But we didn't stop there...

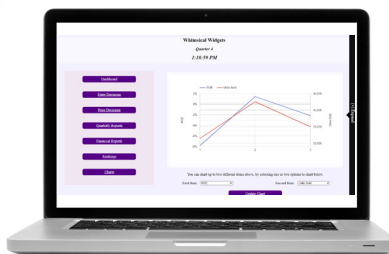

New Technology

Technology is a vital part of modern business, and we're excited to have students explore the practical applications of technology during PFEW. New tablets will help teams run the simulation and prepare their Stockholders and Advertising presentations.

BizSim Online

BizSim is the core learning tool of PFEW, and we're excited to launch BizSim Online. This new virtual platform will allow for more team collaboration and engage students no matter whether the competition is being held in-person or virtually!

PFEW – No Matter What!

We're developing a remote learning version of our award-winning summer program that will have the same powerful educational content as our in-person program. In the event we are ever unable to gather for PFEW, we'll be prepared!

Join us as we help young Pennsylvanians unlock the door to their future.

Your gift helps students embrace the exciting world of business, build financial independence, explore exciting careers, and discover the wonders of our American free enterprise system. Thank you!
