KEYNOTE SPEAKER

MS. JULIE PANZNER

Julie Panzner is the President of PhytogenX, Inc. and All American Dairy Products, Inc., both based in Morgantown, PA. Born and raised in East Islip, New York, Julie holds a degree in Marketing and Management from The Fashion Institute of Technology in New York City. She began her career with Macy's and then later at a fashion buying office. In 1997, she moved to Chester Springs, Pennsylvania and focused on raising her two sons until she reentered the workforce in 2002. Trading the bustling New York fashion scene for the beautiful countryside of Chester County, she was inspired to change career paths.

Along with a partner, Julie started All American Dairy Products, Inc., a company selling dry dairy and protein blends. As President, Julie grew the business into one of the country's top sources of wholesale dairy products, including nonfat dry milk and whey protein concentrate. After six successful years, Julie saw a demand to offer high quality skin care products and she realized the market potential in this industry and knew she could develop that business. Julie switched her focus to this exciting new endeavor while her partner continued with the dairy and protein business.

In 2007, Julie formed and became President of PhytogenX, Inc., a contract manufacturer of personal care products including face and body lotions, anti-aging serums and creams, shampoos, conditioners, and hair styling products. The company does not manufacture its own retail products but rather contracts with other companies to make their products. PhytogenX was first located in Reading, PA but expanded in 2015 to a 110,000 square foot facility in Morgantown, PA. The company grew from 50 employees in 2015 to nearly 200 employees today. PhytogenX's focus is to work with small to midlevel companies and fulfill their market needs. PhytogenX is constantly innovating for its customers. They are "Innovating to Beautify the World."

Julie has two grown sons, Ryan and Ben, both of whom are PFEW graduates. Ryan will be graduating from the University of Delaware this year. Julie loves to be active outdoors, and for fun she does competitive triathlons and is always looking to conquer the next challenge.

Fred Clark is the CEO of Clark Associates, Inc., a food service equipment and supplies distributor headquartered in Lancaster, PA. Fred joined the family business in 1976 when it operated as a mechanical contractor in Intercourse, PA. In 1978, with the support of his father, he opened Clark Food Service Equipment. Through the years the company has grown to include stainless steel fabrication, a chemical company, and Clark Fire Protection. They distribute their products through three distribution channels: The Restaurant Stores (brick and mortar); the Webstaurant Store (e-commerce); and Clark Pro (traditional sales). There are currently eight Restaurant Stores in three states with a ninth scheduled to open in Washington, D.C. They also have nine distribution centers across the country with a tenth that opened in May 2019. Their most recent venture was acquiring Hometown Provisions, Inc., a regional broadline food service distributor that provides quality food products.

Clark Associates Inc. is comprised of these many different companies, with over 3,000 employees under the Clark umbrella. The company has been featured in Central Penn Business Journal's "Top 50 Fastest Growing Companies" for ten consecutive years, and it has held the #1 spot twice.

In 2015, they were named Dealer of the Year by Foodservice Equipment and Supplies magazine. Currently, Fred serves on the Executive Board of the Channel Partners Group, a buying group in the foodservice industry.

Clark Associates' success comes from a combination of possessing an entrepreneurial spirit, a commitment to integrity and ethics, and a unique approach on hiring and training the right people. The company offers two on-site fitness centers, an on-site child care center, dog-friendly offices, volunteer activities, and much more.

Fred and his wife, Beth, have been married for 39 years. They have two children, Audrey and Gene, and 5 grandchildren. His son Gene is also in the family business and serves as president for Clark Food Service Equipment.
